

the catapult papers

A stylized illustration of a person with dark hair and sunglasses, wearing a black shirt, sitting in the basket of a grey catapult. The catapult has two long arms with silver spheres at the ends, and two legs with large black shoes. The person is holding onto the sides of the basket. A red banner with white text is draped across the middle of the catapult.

the warm-up series

Notes for parents

The 'Warm-Up' series of The Catapult Papers has been designed to match the layout and format of the new Northern Ireland post-primary entrance assessments (administered by SEAG).

The question papers may be written on, but children must record their final answers on the relevant pages within this booklet. It will be pages like these that the examiners will mark, so it is good practice to familiarise your child with this process as early as possible.

The official SEAG Entrance Assessment tests each commence with ten practice questions: five English and five Maths. Answers to these questions do not form part of a student's final score. Rather, they are a means to introduce children to the test format (and may also help settle some exam-day nerves). The Catapult Papers do not include these ten practice questions at the beginning of each test. The reason for this is rather simple: every question within the Catapult Papers is a practice question! No child should be feeling apprehensive before sitting practice tests.

Instructions are provided at the top of each student answers page for how children should record their answers. These repeated instructions are essentially 'space-fillers' for where the ten practice questions will be placed in the official tests. It is unlikely that your child will need to read these instructions before they sit each practice paper.

As stated on page 2 within each test paper, it is up to the parent to decide the time limit for each of these practice papers. As a guide, however, it is useful to know that the official time limit for SEAG tests is 60 minutes (with further accommodations made for children with special educational, medical or dietary needs).

Parents are encouraged to regularly check the official SEAG website (www.seagni.co.uk) for up-to-date information on the tests, as well as read the Frequently Asked Questions. Resources on this site include official SEAG practice papers, along with the relevant student answer pages. Please do familiarise yourself with these materials.

Catapult is a one-man tuition service. Based in East Belfast, Trevor Veale has been working with primary pupils from 4 to 11-years-old on a full-time basis since 2019.

A former Year 3 and Year 6 teacher, Trevor is now fully booked as a private tutor through to the end of 2030. His teaching resources not only include *The Catapult Papers*, but also *Target Practice* and *Rooted*. All of these materials can be purchased at www.catapult-tuition.com
