Notes for parents

The Warm-Up Series of The Catapult Papers introduces children to the Transfer Test process in a gentle and accessible way. These papers are intended for P6 pupils and reflect the stage at which schools typically begin early preparation, around eight months before the official exams. At this point in the school year, some relevant English and Maths skills will not yet have been covered in class. Although a small number of these concepts may appear within the Warm-Up papers, the overall difficulty level has been moderated to provide a first, confidence-building look at SEAG-style questions.

As children progress through the Warm-Up Series, they will gradually become familiar with the structure, pacing, and style of SEAG assessments. Completion of this series should help prepare them for the more challenging papers within the main Catapult Papers series (20 papers), which continue the progression toward full P7 readiness.

The official time limit for the Transfer Test is 60 minutes. However, because this is a practice paper, no time limit is printed. Parents may decide how long to allow for completion, depending on their child's needs and stage of learning.

This test paper may be written on, but answers must be recorded on the separate answer sheet provided. Guidance on how to do this is included at the top of that page. An answers page has also been provided for marking. Each correct answer is awarded one mark, and no question is worth more than one mark. Half-marks are not recommended. In the English section, misspelled answers should only be accepted when spelling is not part of the skill being tested. When spelling accuracy is central to the question (e.g. plurals, verb endings), the response should be marked incorrect if spelled wrongly.

Spaces for recording the final score are provided on both the cover page and the answer sheet. Parents may record the result either as a percentage or as a score out of 56.

Finally, please remember that these are practice tests. Early scores are not an indication of eventual performance. At this stage, the purpose of the Warm-Up Series is to build familiarity, develop confidence, and introduce children gradually to the range of skills and question types they will meet later in the Transfer Test journey.

Permission to use this paper is granted for one child only. No photocopying or sharing of the test is permitted. A separate series of The Catapult Papers is available exclusively for schools.

Read the whole passage carefully, then answer the questions that follow.

Lionel Messi: A Fitting Conclusion

1. Lionel Messi, often hailed the greatest footballer of all time, has left a permanent
2. mark on the world of football. Born on June 24, 1987, in the city of Rosario
3. (Argentina), Messi's journey to global stardom is a remarkable tale of talent,
4. perseverance, and determination.

5. Early Life and Beginnings

6. Messi's love for the sport was evident from a young age. He joined the local youth
7. team, Newell's Old Boys, at the age of eight. His phenomenal talent soon caught
8. the attention of scouts, and at the tender age of 13, Messi moved with his family
9. to Barcelona, Spain, to join FC Barcelona's famous youth academy, La Masia.

10. Rise at FC Barcelona

11. Messi's rise at Barcelona was astounding. He made his first-team debut at 17,
12. becoming the youngest player to wear the club's jersey. Playing alongside
13. luminaries like Ronaldinho, Xavi, and Iniesta, Messi quickly established himself as a
14. key figure in the squad. His dribbling skills, precise passing, and lightning-quick
15. movement earned him the nickname 'La Pulga' (The Flea).

16. During his time at Barcelona, Messi enjoyed unrivalled success. He helped the
17. club secure numerous La Liga and UEFA Champions League titles, setting
18. many records along the way. Notably, he won six Ballon d'Or awards during his time
19. at Barcelona, solidifying his status as one of the greatest footballers in history.

20. The Move to Paris

21. In August 2021, Messi's long-standing association with Barcelona came to an abrupt
22. end due to financial difficulties faced by the club. He joined Paris Saint-Germain
23. (PSG) on a two-year contract, and though there were moments of brilliance, his
24. two years at PSG were underwhelming, compared to his previous achievements. It
25. seemed his career was fizzling out.

26. The World Cup in Qatar

27. One achievement that had escaped Messi's grasp throughout his career was winning

28. the FIFA World Cup. However, that changed in 2022. Messi led the Argentine
29. national team to victory in the World Cup, held in Qatar. His extraordinary
30. performances and leadership on the field were key to his country's success.
31. In the final match against France, a thrilling encounter ended in a 3-3 draw after
32. extra time. Messi showcased his genius by scoring two crucial goals during
33. regular play and netting one of the penalties in the shoot-out. His PSG teammate,
34. Kylian Mbappe, displayed exceptional skill by scoring all three of France's goals.
35. Ultimately, Argentina triumphed in the penalty shoot-out, providing a fitting
36. conclusion to Messi's career.
37. The sight of Messi lifting the World Cup trophy was a momentous occasion for
38. football fans worldwide. It marked the greatest achievement of his career,
39. removing any doubts about his ability to perform on the grandest stage.
