# the catapult papers

A stylized illustration of a person with dark hair and sunglasses sitting on a large, grey, mechanical structure that resembles a catapult or a large chair. The structure has two long, curved arms extending upwards and outwards, and two large, circular footrests at the base. The person is holding onto the arms. A blue diagonal banner with the text "the main series" is overlaid across the middle of the illustration.

## Notes for parents

The Catapult Papers have been designed to match the layout and format of the Northern Ireland post-primary entrance assessments (administered by SEAG).

The question papers may be written on, but children must record their final answers on the relevant pages within this booklet. It will be pages like these that the examiners will mark so it is good practice to familiarise your child with this process as soon as possible.

The official SEAG Entrance Assessment tests each commence with ten practice questions: five English and five Maths. Answers to these questions do not form part of a student's final score. Rather, they are a means to introduce children to the test format (and may also help settle some exam-day nerves). The Catapult Papers do *not* include these ten practice questions at the beginning of each test. The reason for this is rather simple: *every* question within the Catapult Papers is a practice question! No child should be feeling apprehensive before sitting practice tests.

Instructions are provided at the top of each student answers page for how children should record their answers. These repeated instructions are essentially 'space-fillers' for where the ten practice questions will be placed in the official tests. It is unlikely that your child will need to read these instructions before they sit each practice paper.

As stated on page 2 within each test paper, it is up to the parent to decide the time limit for each of these practice papers. As a guide, however, it is useful to know that the official time limit for SEAG tests is 60 minutes (with further accommodations made for students with special educational, medical or dietary needs).

Parents are encouraged to regularly check the official SEAG website ([www.seagni.co.uk](http://www.seagni.co.uk)) for up-to-date information on the tests, as well as read the Frequently Asked Questions. Resources on this site include official SEAG practice papers, along with the relevant student answer pages. Please do familiarise yourself with these materials.
