

SEAG-style practice tests

the catapult papers

A stylized illustration of a person with dark hair and sunglasses, wearing a black shirt, sitting in the basket of a catapult. The catapult is a grey, Y-shaped structure with two long, curved arms. The person's legs are extended outwards, and their feet are on the ground. The catapult is mounted on a circular base. A purple banner with the text 'the main series' is overlaid across the middle of the illustration.

the main series

Name: _____

Score: _____

Test 3

2026 edition

Notes for parents

The Main Series of The Catapult Papers provides a full set of SEAG-style practice assessments suitable for P7 pupils (or confident pupils at the end of P6). These papers offer a more challenging level of practice than the Warm-Up Series, reflecting the balance and pace of the official assessments more closely. As with all Transfer Test preparation, children will meet a wide range of English and Maths concepts, including some that require recall of earlier learning.

The questions in this series have been written to give children a realistic sense of the difficulty and variety they will encounter in the actual SEAG papers. The progression across the series helps pupils build accuracy, fluency, and familiarity with the demands of the assessment. Many families use these tests after completing the Warm-Up Series, though the order of use is entirely flexible.

The official time limit for the Transfer Test is 60 minutes. However, because this is a practice paper, no time limit is printed. Parents may decide how long to allow for completion, depending on confidence, focus, and stage of preparation.

This test paper may be written on, but answers must be recorded on the separate answer sheet provided. Guidance on how to do this is included at the top of that page. An answers page is also included for marking. Each correct answer is worth one mark, and no question carries more than one mark. Half-marks should not be awarded. In the English section, misspelled answers should only be accepted when spelling is not part of the skill being tested. When spelling accuracy is required (e.g. plurals, verb endings, homophones), an incorrectly spelled answer should not be counted as correct.

Spaces for recording the final score are provided on both the cover page and the answer sheet. Parents may record the result as a percentage or as a score out of 56.

Finally, please remember that these are practice tests. It is normal for children to make mistakes as they adjust to the level of challenge. The purpose of the Main Series is to develop confidence, build stamina, and strengthen the range of skills needed for the SEAG assessment. Consistent practice and calm encouragement are the most effective supports during this stage of preparation.

Permission to use this paper is granted for one child only. No photocopying or sharing of the test is permitted. A separate set of The Catapult Papers is available exclusively for schools.

English

In this exercise there are some mistakes with **punctuation** or use of **capital letters**. On each numbered line there is either **one** mistake or **no** mistake. Find the group of words with the mistake in it and **mark its letter on your answer sheet**. If there is **no** mistake, mark **N**.

Punctuation Exercise

1 'Can you believe this,' cried the librarian, inspecting the book's worn cover.
A B C D

2 'When thing's calm down,' said Mother assuringly, 'we will tell your sister.'
A B C D

3 'What a day we've had?' sighed Toby, collapsing onto the sofa in a heap.
A B C D

4 Childrens' books aren't easy to write, especially if you've decided to use poetry.
A B C D

5 Created in 1974, the colourful toy cube's popularity grew beyond the inventor's
wildest dreams;
A B C D

In this exercise you have to choose the **best** word, or **group of words**, to complete each numbered line so that the sentences make sense and are written in correct English. Choose the best answer and **mark its letter on your answer sheet**.

Grammar Exercise

6 One thing I know: it

were aware that school would be closed on Monday.

In this exercise there are some **spelling** mistakes. On each numbered line there is either **one** mistake or **no** mistake. Find the group of words with the mistake in it and mark its letter on your answer sheet. If there is no mistake, mark N.

Spelling Exercise

- 11** He paid no attention whatsoever to her story; it was none of his buisness.
A B C D
- 12** The actor's completely disastrous performance shocked the hole audience.
A B C D
- 13** Despite his brave efforts, it was an unsucessful competition for Luke.
A B C D
- 14** A spirit of curiosity and amazement captured every child in the classroom.
A B C D
- 15** The damage we cause to the enviroment by throwing our plastic bottles into
the river is heartbreaking.
A B C D

Read the whole poem carefully, then answer the questions that follow.

The Indecisive Ape

1. In Jungle Deep, there lived an ape
2. Whose choices he could not escape.
3. Each day he pondered what to do
4. But always found he had no clue.

5. Swing on vines? Scale a tree?
6. Lie down, sip some jasmine tea?
7. Perhaps he'd find a mate to woo
8. Or chase a beetle through the dew.

9. The Indecisive Ape, you see,
10. Was never quite sure what to be:
11. A hunter, gatherer, or both?
12. Or lay around just like a loaf?

13. He'd scratch his head and screw his nose
14. And weigh the pros and cons of those.
15. Would it be wise to swing these trees?
16. Or should he slumber, picking fleas?

17. He'd wonder if he should explore
18. The great unknown beyond his door.
19. What beast, what bird lay in await
20. The other side of Jungle's gate?

21. Perhaps he'd meet a fellow ape
22. To share in laughter and escape,
23. Or maybe find a brand-new friend
24. On whom his soul could much depend.

25. Ah! When it came down to the wire
26. He grew too weary to aspire,
27. So there he sat, in disillusion:
28. Trapped inside his own confusion.

29. But then one day his restless mind
30. Forced him to seek what he could find
31. Beyond the jungle, lush and green.
32. The wonders he had never seen.
33. Suitcase in tow, he wore a grin,
34. Decisive Ape – how unlike him!
35. He walked for hours, and then he found,
36. A vast savannah, stretching round.
37. He saw giraffes, and ant'lopes too,
38. Zebras and lions, sights so new,
39. Decisive Ape sought to find more,
40. Beyond Savannah's farthest shore.
41. He saw a river, wide and grand,
42. And swam to reach the human's land,
43. Buildings high and busy streets,
44. A palace room in which to sleep.
45. He there encountered Restless King,
46. Whose servants just did everything,
47. The king complained, 'This makes me bored.'
48. 'Get up! DO SOMETHING!' Ape implored.
49. And so, Decisive Ape in turn
50. Was passing on what he had learned.
51. Where'er he went, he now could choose,
52. To see the world, to be enthused.
53. One day he came back to Deep Jungle,
54. Resolute, no longer humbled
55. By his indecisiveness.
56. Making a choice was his success.

Please answer these questions. (Look at the poem again if you need to.)
You should choose the **best** answer and mark its letter on your answer sheet.

16 Which of the following words best describes Ape's character at the beginning of the poem?

- A brave
- B determined
- C confused
- D lazy
- E energetic

17 What is the rhyme scheme (or rhyming pattern) of this poem?

- A Even-numbered lines rhyme with each other.
- B Odd-numbered lines rhyme with each other.
- C The final words in each verse rhyme with each other.
- D Lines 1 and 2 rhyme with each other; lines 3 and 4 do the same.
- E All four lines rhyme in each verse.

18 What advice did Ape give to the Restless King?

- A Be patient.
- B Relax and take it easy.
- C Make definite decisions.
- D Do nothing.
- E Sleep on it.

19 Which of the following savannah animals are NOT mentioned in the poem?

- A giraffes
- B lions
- C antelopes
- D elephants
- E zebras

20 'The other side of Jungle's gate' (line 20). This line of the poem is an example of...

- A simile
- B metaphor
- C personification
- D onomatopoeia
- E alliteration

21 What is the mood of the poem?

- A playful
- B melancholic
- C romantic
- D serious
- E sarcastic

22 Which of the following parts of speech is the word 'unknown' (line 18)?

- A adjective
- B preposition
- C adverb
- D noun
- E conjunction

For these questions you have to **write your answers**, neatly, in the boxes provided on your answer sheet.

23 Look at lines 21 - 28. What word is closest in meaning to 'hope' or 'dream'?

24 Which three-word phrase in lines 9 - 20 means 'advantages and disadvantages'?

- 25** The word 'where'er' (line 51) is a shortened form of which word?
- 26** Look at lines 1 - 12. Which line contains a simile? Write the number of the line.
- 27** What is the present tense of the verb 'sought' (line 39)?
The answer is a word that appears earlier in the poem.
- 28** In which line of the poem is the main character first given a new name? Write the number of the line.

Maths

29

It costs £12.50 per month to subscribe to an app that plays movies.

How much does it cost to subscribe to this app for a whole year?

A £50

B £87.50

C £144

D £150

E £4562.50

30

Rectangles have been used to create the series of patterns below.

Pattern 1

Pattern 2

Pattern 3

Pattern 4

How many rectangles will there be in Pattern 7?

A 15 rectangles

B 21 rectangles

C 22 rectangles

D 27 rectangles

E 28 rectangles

31

Which of these nets could be folded to make a triangular-based pyramid?

A Net A

B Net B

C Net C

D Net D

E Net E

32

Which of these numbers is the same as 64 hundredths?

A 0.064

B 0.64

C 6.4

D 640

E 6400

33

Eight equilateral triangles are combined to form the quadrilateral below. Each triangle has a perimeter of 12 cm.

What is the perimeter of the quadrilateral?

- A** 12 cm **B** 32 cm **C** 48 cm **D** 64 cm **E** 96 cm
-

34

A bus arrives in Belfast at 16:15. It had left the bus station in Dublin 2 hours and 35 minutes before this.

At what time did the bus leave the station in Dublin?

- A** 12.20 pm **B** 1.20 pm **C** 1.40 pm **D** 2.20 pm **E** 2.35 pm
-

35

Two towns are 7.2 km apart. They are drawn on a map. Each centimetre on the map represents 4 km.

How far apart are the towns on the map?

- A** 1.8 cm **B** 1.8 km **C** 11.2 cm **D** 28.8 cm **E** 28.8 km

36

The quadrilateral on this grid has to be reflected through a vertical line.

Which of the five points to the right of the reflection line would NOT reflect a corner of the quadrilateral?

- A Point A
- B Point B
- C Point C
- D Point D
- E Point E

37

Tommy wants to buy as many packets of football cards as possible with a £10 note. Each packet costs £1.45.

How much change will Tommy have after he has bought the cards?

- A 15p
- B 30p
- C 60p
- D £1.30
- E £1.60

38

What is the size of Angle A in this rhombus?

- A 64° B 116° C 121° D 128° E 232°

39

A group of children was asked to name their favourite card game. The results were recorded in the tally chart below.

Card Game	Tally
Uno	
Dobble	
Exploding Kittens	
Unstable Unicorns	
Sushi! Go!	

What percentage of the children named Dobble as their favourite card game?

- A 10% B 20% C 25% D 30% E 33%

40

What is the smallest number that cannot be placed inside any of the circles in this Venn Diagram?

A 8

B 9

C 10

D 14

E 16

41

What is the total length of all the edges of this cuboid?

A 26.5 cm

B 106 cm

C 204 cm

D 408 cm

E 472.5 cm

42

$87 \times 93 = ?$

Which of the following numbers is the best **ESTIMATED** answer to this calculation?

A 720

B 810

C 1800

D 7200

E 8100

43

A triangle and a rectangle are combined to form this trapezium.

What is the area of the trapezium?

A 30 cm²B 35 cm²C 37.5 cm²D 120 cm²E 240 cm²

44

The Year 6 children at Portview Primary School are going on a field trip.

The bus leaves school at 9.15 am.

They stop and get off the bus for a 15-minute break during the journey, then eventually arrive at their destination at 10.40 am.

The journey back to school begins at 2.50 pm and they arrive back at 3.35 pm.

For how long were the Year 6 children travelling by bus that day?

- A 115 minutes
 - B 120 minutes
 - C 125 minutes
 - D 140 minutes
 - E 155 minutes
-

45

Veronica has saved £6.30 in coins. This amount is made up entirely of 50p coins and 20p coins. She has the same number of each coin.

How many 50p coins does Veronica have?

- A 6
 - B 7
 - C 8
 - D 9
 - E 10
-

46

This table shows Chloe's first eight scores in her weekly spelling tests in Year 5.

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8
Score	9	7	8	7	10	9	7	7

What was Chloe's mean score for these first eight tests?

A 3

B 7

C 7.75

D 8

E 10

47

8 is divided by a certain number. The answer is 0.25.

24 is divided by the same number. What is the answer?

A 0.75

B 2

C 4

D 8

E 32

48

Andrew is facing northeast and turns 135° anticlockwise to face in a new direction.

In which direction is Andrew now facing?

A northwest

B west

C southwest

D south

E southeast

49

In a group of 45 schoolchildren, there are 27 boys.

What percentage of the schoolchildren are girls?

A 20%

B 25%

C 40%

D 50%

E 60%

50

Sergio is trying out a new recipe that requires 2.5 litres of milk.

When he goes to the local store, he can only buy cartons of milk that contain 600 millilitres each.

Sergio buys the fewest number of cartons of milk that he needs for the recipe.

After he has used all the milk that he needs for his recipe, how many millilitres of milk remain in Sergio's final milk carton?

A 0 ml

B 100 ml

C 350 ml

D 400 ml

E 500 ml

For questions 51 - 56, you have to **write your answers** in the boxes provided on your answer sheet. The units of measurement have been given.

51

One edge of a small cube measures 5 cm.

A box is in the shape of a larger cube, which has edges that measure 10 cm each.

How many small cubes would it take to completely fill the box?

.....

52

What is the sum of two hundreds, seventeen tens and thirty tenths?

.....

53

An equilateral triangle has a perimeter of 34.5 cm.

What is the length of one side of this triangle?

.....

54

This is a calendar for October 2024.

October 2024						
Mon	Tue	Wed	Thu	Fri	Sat	Sun
						1
2	3	4	5	6	7	8
9	10	11	12	13	14	15
16	17	18	19	20	21	22
23	24	25	26	27	28	29
30	31					

On which day of the week was November 23rd 2024?

55

A box of cereal weighs 720 g.

What is the weight, in kilograms, of eight boxes of this cereal?

56

The coordinates $(4,4)$, $(6,6)$ and $(10,4)$ are plotted on a grid.

A fourth point needs to be plotted so that all four points form the vertices of a parallelogram.

The extra coordinates $(8,2)$ and $(12,6)$ are two possible places for the fourth vertex of the parallelogram.

There is **ONE MORE** place on this grid where the fourth vertex of the parallelogram could go. Write the coordinates for this point.
